

CONTRACTOR SURVEY

Several counties in this area are trying to increase uniformity in how we interpret different aspects of the building code. For example, how to install and flash brick lentils, or how many ground rods to drive. Please fill out this form and return it to the Permit Center, located at the Government Center in Newton or an inspector if you see a specific inconsistency in our interpretation or enforcement of the code.

Building _____

Mechanical _____

Plumbing _____

Electrical _____

Fill out and return to:
